## Get Printing Done Faster with Xerox Versant 280 Press

### Impress your customers with a variety of printed materials

Once you install this machine, you can now accept all the client jobs! The Versant 280 prints in a suite of CMYK+ colours, which means you can meet any requirement for any industry! Versant 280 provides thicker stock media options for collaterals with heavy stocks (business cards, wide brochures, or even billboards). You can print various speciality colours to draw people in with colourful media – including new three-dimensional colours such as white, gold, silver,

clear, and fluorescent!

With the Versant 280, for special projects, swap a standard CMYK toner with a Vivid Specialty Toner Set – and watch as the colours shine on your products! Best of all, you can print personalized materials for each client, impress them with folders – practically anything that can be printed on paper! Get value to

### Fulfil all deadlines with an impressive printing speed

Delivering stunning quality very quickly – the hallmark of a Versant press! The Versant 280 can print up to 80 pages in a minute and deliver 80000 pages in a month. For in-house productions, speed and registration are a priority to get those client deadlines completed! The Xerox Versant 280 digital press gives you the freedom to respond to small and medium-sized daily productions from day one!

and meet all customer requirements at the same time.

The Versant 280's professional-grade finishing means that the output will be ready for presentation immediately! It includes an array of options and a suite of automatic enhancements that improve workflows and streamlines production. The Versant 280 is a reliable and cost-effective machine for light to medium printing needs.

With this machine, gain an edge over the competition in terms of cost control and technical specifications. Improve productivity and the way you manage complex projects. Reduce delivery time and made our product offer for end customers much more attractive financially. Perform according to your high standards
