STRUGGLING TO PRINT & COPY?

Save time by investing in our
state of the art digital printing
services & Xerox printers.

Conceptualized in 2007

Our solid foundation stems from the reputation we hold for our high quality service and customer satisfaction in digital printing services.

By 2015 we were relying entirely on the power of Xerox Printers and our quality & customer satisfaction rose tremendously. In 2017 we cemented our strong foundation with Xerox by becoming Channel Partners. Within the first year of our partnership we received our silver partner status in 2018 for achieving 1 million AED in sales.

CAD's USP

A boutique company where the organization works as a team.

Provides end to end solutions to the clients for all verticals.

Understands the client's need and collaborates in every way possible.

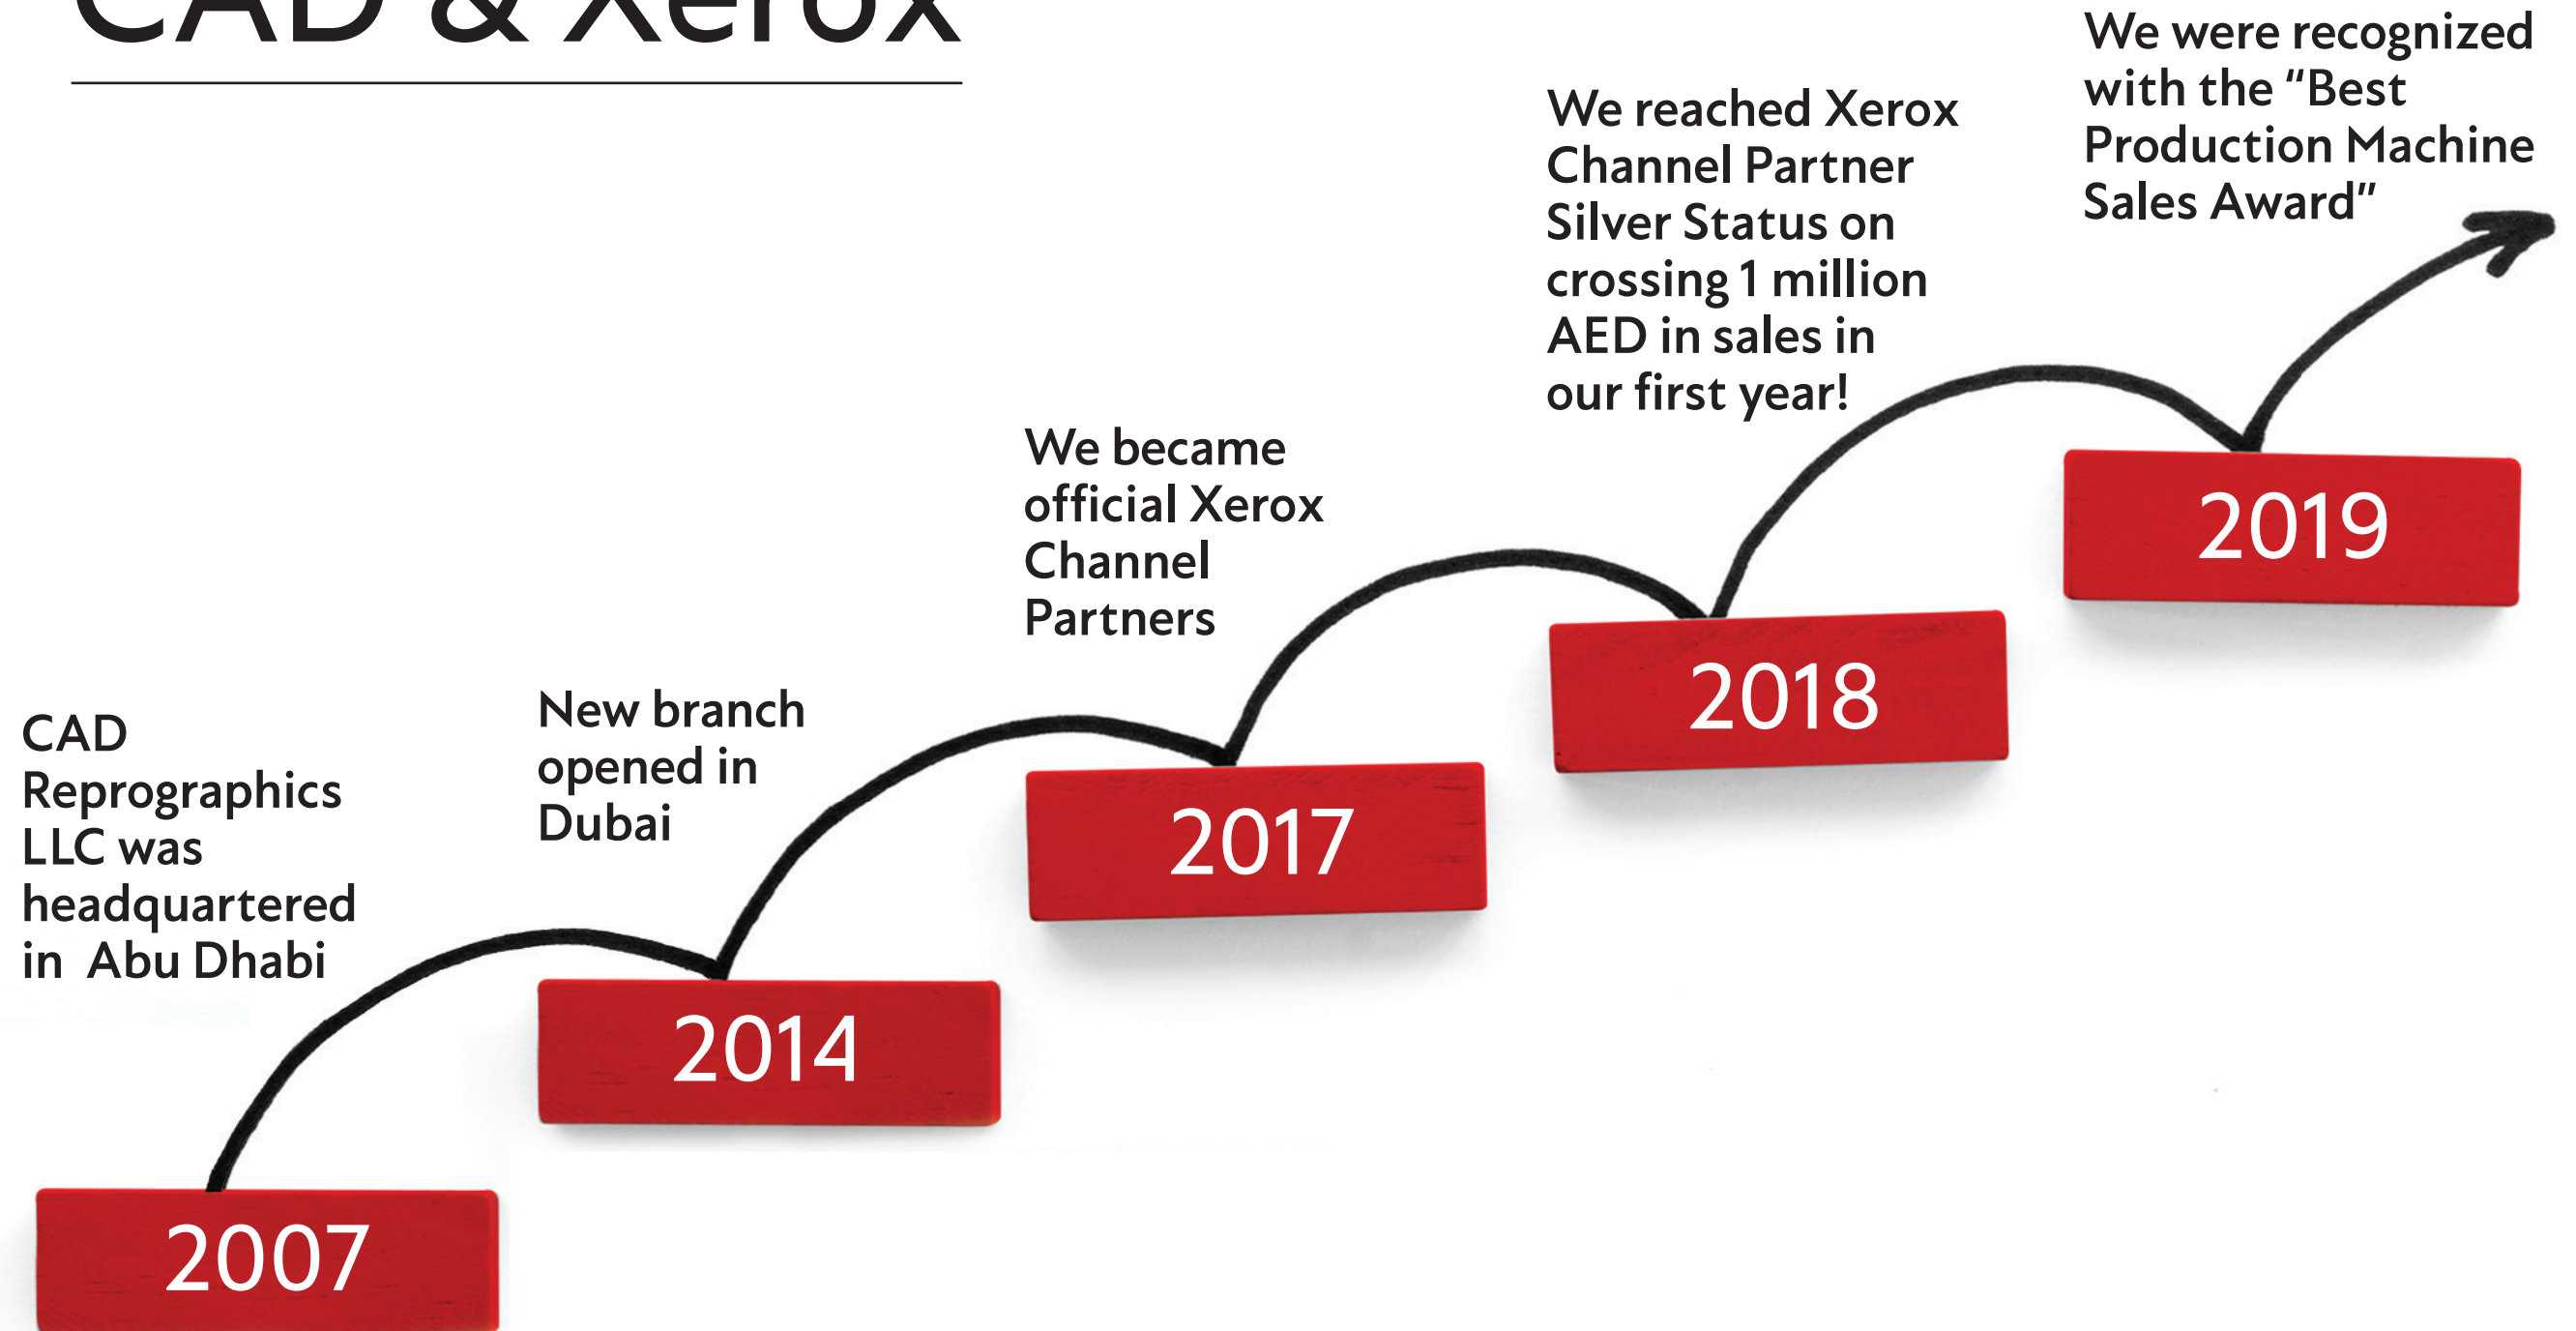

Builds a rapport with the client as a partner rather than as a vendor.

Print everything in-house and avoid extreme cost and other problems of outsourcing.

Hire the machine for home and office use.

After-care options

Telephone support
available
six days of the week!

Dedicated
Account Manager
for your office needs

Proactive Onsite
Maintenance of
equipment every month

The background is a solid red color. On the left side, there is a white, semi-transparent spiral graphic that starts from the center and moves outwards, creating a sense of motion or depth. The text is centered on the right side of the image.

Where are
Xerox
products used?

Healthcare

Ensure better healthcare and patient experiences by automating and controlling relevant documents.

IT

Digitize and automate your organization and its workflow. Improve organizational efficiency and cut down costs.

Construction & Engineering

Enhance customer and agent communication by automating workflow.

Government

Enhance citizen and government communication and fast response by ensuring super-fast and automatic paperwork.

XEROX Client Profile

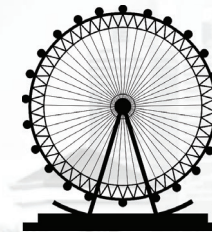

Within a span of one year, a leading printing company in Al-Quoz purchased two high-capability production machines (B180 and CP1000).

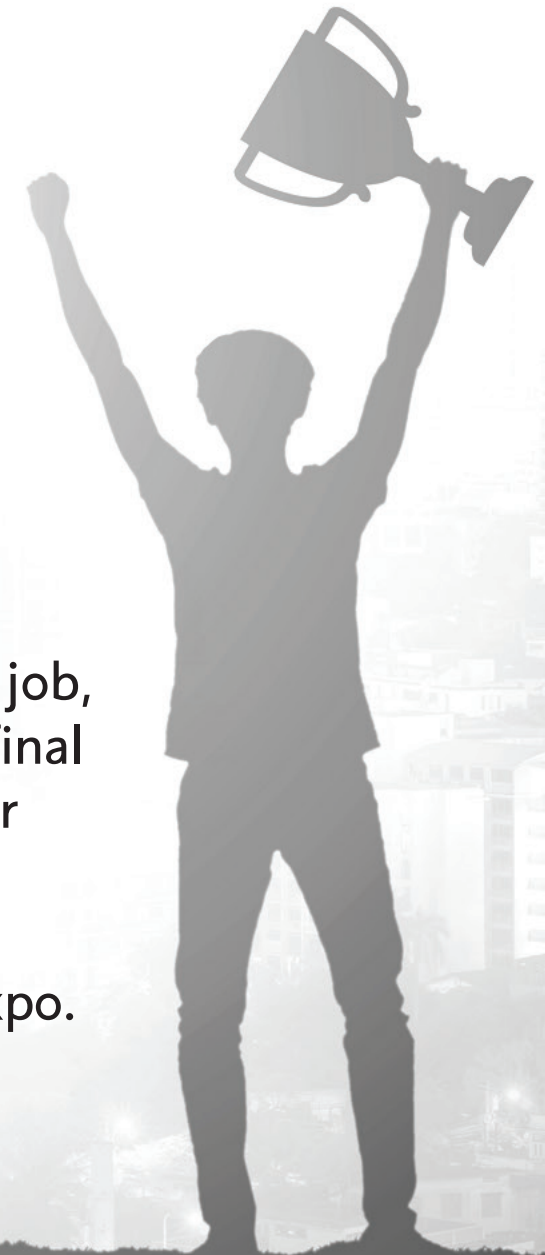

An exporter in Africa purchased 25 machines of C7125 for his enterprise.

A leading IT group in Al-Jumeirah purchased 10 machines as part of their office upgradation.

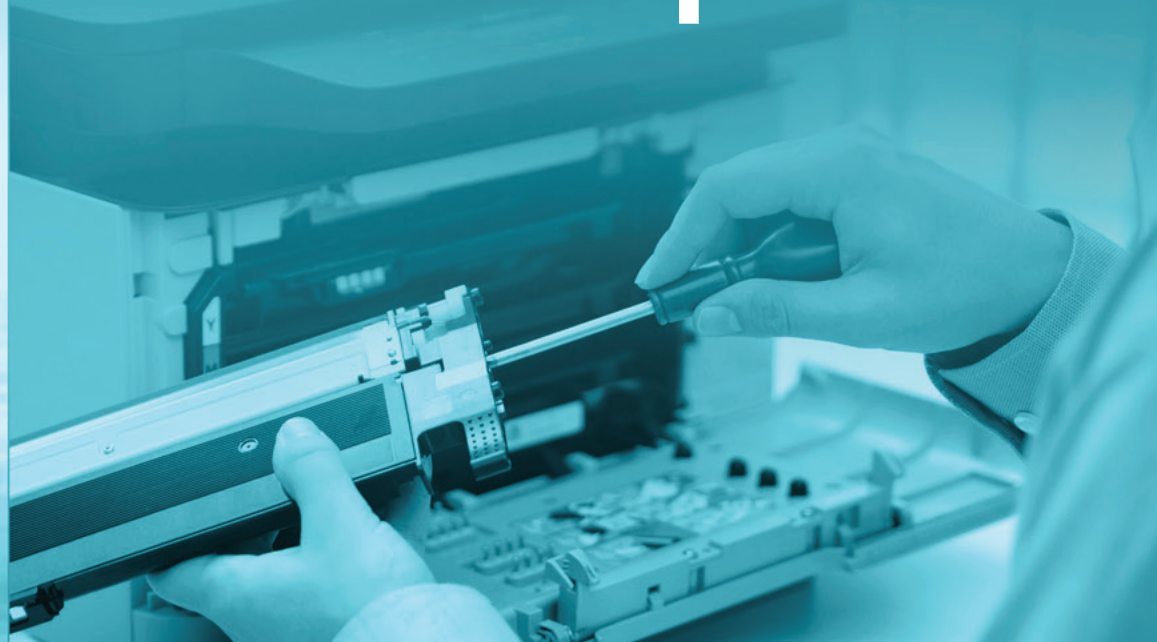

In a critical printing job, CAD executed the final as-built drawings for the latest tourist attraction in Dubai during the Dubai Expo.

Create your handcrafted pieces
in less than 5 minutes.

Print Experts

Scanning

Scanning service converts your organization's important papers to digital images.

We provide images in the popular and widely-supported TIFF and PDF document management systems, text, and database formats.

Photocopy

Our technologically advanced Xerox photocopying machines will give you the best output possible.

Photocopying can be done in both black & white and colour formats at affordable rates.
